EXPERIENCE

LOOKING FOR EXPERIENCE...

I've built solid skills in Next.js, React, TypeScript, and Node.js through personal projects and self-learning. Now, I'm looking to gain hands-on experience by contributing to real-world projects in a team environment.

I'm open to unpaid or volunteer roles to deepen my understanding of industry workflows, version control, and collaborative development. I'm motivated, adaptable, and eager to grow with a professional team.
